

Will the broadcast flag interfere with consumers ability to make copies of DTV content for their personal use, either on personal video recorders or removable media?

I DISAGREE WITH THE PROPONENTS OF THE BROADCAST FLAG, YES!, IT WILL INTERFERE WITH THE PUBLICS USAGE TO MAKE COPPIES, AND HOW THEY CAN AND WILL BE USED.

Would the digital flag interfere with consumers ability to send DTV content across networks, such as home digital networks connecting digital set top boxes, digital recorders, digital servers and digital display devices?

CONSUMERS' RIGHTS TO SEND VIDEOS, AND DIGITAL PHOTOGRAPHS, VIDEO EMAIL, MAKE COPIES OF MOVIES, ETC., AND ANYTHING THRU THE NETWORKS; HOME DIGITAL, NETWORKS, CONNECTING DIGITAL SET BOXES, RECORDERS, DIGITAL SERVERS AND DIGITAL DISPLAY DEVICES, WILL ALL BE AFFECTED.

Would the broadcast flag requirement limit consumers ability to use their existing electronic equipment (equipment not built to look for the flag) or make it difficult to use older components with new equipment that is compliant with the broadcast flag standard?

I DISAGREE, IT WOULD INTERFERE AGAIN!, AND MAKE IT MORE COSTLY FOR EVERY CONSUMER, AND, LIMIT THEIR ABILITIES, ON WHAT EQUIPMENT THEY MAY USE, AND FORCES US TO PURCHASE THE NEWEST MODELS OF THIS EQUIPMENT.

Would a broadcast flag requirement limit the development of future equipment providing consumers with new options?

OF COURSE IT WOULD, LIMIT THE DEVELOPMENT OF EQUIPMENT, ESPECIALLY, FOR EQUIPMENT THAT WOULD BE EASIEST, IN COMPLYING WITH THE BROADCAST PROPONENTS, AND PRODUCE THE BIGGEST PROFITS FOR THE MANUFACTURERS. WITH LITTLE REGARD FOR THER CONSUMERS.

What will be the cost impact, if any, that a broadcast flag requirement would have on consumer electronics equipment?

IT WOULD CAUSE EVERYONE TO SPEND MORE ON EQUIPMENT THAT WOULD COMPLY, AND CREATE MORE PLANNED OBSOLESCEMENTS, AND BIGGER PROFITS FOR THE MANUFACTURERS AND THE PROPONENTS OF THE BROADCAST FLAG.

Other Comments:

THIS BILL, WOULD HURT ALL THE PUBLIC, BECAUSE IT WOULD PUT LIMITS ON HOW WE CAN USE THE DIGITAL INFORMATION, FROM OUR INFORMATION HIGHWAYS, IN OUR LIBRARIES, PUBLIC SCHOOLS, UNIVERSITIES, IN OUR HOMES, AND MOST OF ALL IN OUR DAILY LIVES.
